Congratulations

Michael Frenkel

Supervisory Research Chemist
Physical and Chemical
Properties Division

Chemical Science and Technology Laboratory

2005 Huffman M. Memorial Award

In recognition of his Huffman lecture at the plenary session opening the 2005 Hugh M. Huffman Memorial Award at CalCon 2005 – the 60th Calorimetry Conference.

His lecture was entitled: “From Molecular Insights and Chemical Technologies to Communications and Expert Systems: A Few Short Thermodynamic Stories”.

Presentation:

NIST, Gaithersburg, MD
June 27, 2005
